

**49. Report of wastage of water.**—In every case where water supplied to a premises is observed to go to waste by leakage of pipes, the consumer shall immediately telephone from the nearest police station or otherwise give immediate notice to the office of the authorised officer or to the water service stations of the water works so as to enable necessary action being taken temporarily to arrest the wastage with the help of the departmental staff. The subsequent repairs can be effected through the licensed plumber after duly intimation to the authorised officer, the details thereof.

**50.** The water supply cut off by the department shall not be restored as long as the wrongful act or omission for which the supply was cut off continues.

**51. Power to cut up Municipal roads, drains and other structures.**—The President or the authorised Officer may cut open any road for the purpose of laying new, or repairing the existing pipe lines provided that previous notice of not less than three days is given to the Municipality except in very emergent circumstances. He shall be responsible for bringing the portion so cut up to the normal level and hardness. But the Municipal Council shall be responsible for reconditioning the road, according to its original quality.

**52.** In the case of Municipal drains, structures, and other property which may have to be removed, the President or the authorised Officer shall be responsible for their complete restoration.

**53.** Whenever more than half the road width has to be opened out or any serious and prolonged obstructions to traffic is likely to be caused the President or the authorised Officer shall cause a week's notice to be given. This rule shall not apply to cases of emergency occasioned by accidents, bursts of pipe lines fire or other causes requiring immediate action on the part of the department.

**54.** The Executive Engineer or the authorised Officer shall have power to stop or reduce the supply in any public main or sub-main for repairs or renewals without any notice on emergent occasions. But in ordinary cases when the stoppage is over an extensive area or is due to exigencies which can be foreseen, such previous notice as is possible under the circumstances shall be given by beat of drum or other means.

**55. Breaking up of Municipal pavement, road, or other property during pipe laying.**—In every case where the Municipal pavement, drain, road, manhole or other property is likely to be effected during the laying of the pipes for any premises, the consumer or on his behalf, the licensed plumber, shall be responsible for giving sufficient notice thereof to the Municipal Council. He shall also subject to the same control, restrictions and obligations to the Municipal Council during the period of such work, as the department itself is, including the liability for any penalties recoverable for delay inconveniences and incomplete or unsatisfactory finishing of the works connected with the affected portions.

**56. Removal of pipe fitting by consumer or owner.**—Any consumer or owner may get his pipes removed provided he gives at least fifteen days notice through a licensed plumber to the President or the authorised Officer. Every such consumer shall compensate the department for any injury or damage to the departmental pipe lines.

**57. Use of water.**—The water supplied by the department shall be used only for the specific purposes permitted.

Any fittings and branch pipes for non-domestic use on a domestic supply or vice versa or those which are out of use or otherwise defective shall be removed and the connections properly sealed when required by the authorised Officer, should the consumer or the owner fails to comply with such requisition, the authorised Officer may enter any house or premises and execute the required work; and the expenses thereof shall be recovered from the consumer or the owner in the same manner as other charges are recoverable under the rules.

**58. Hose pipe connection prohibited.**—Hose pipes shall not be used from any connections metered or unmetered except with the permission of the department in writing and all water drawn through such pipe shall be separately charged for. Every such pipe shall have a gland cock at the delivery end.

179

59. All pipes, taps, fittings, etc., forming part of private connections of a consumer up to and inclusive of the stop cock nearest the supply main, shall, in the absence of any agreement to the contrary be the property of the owner of the said premises.

60. In the case, however, of the communication pipe and the stop cock, the department shall have the liberty to operate them for purposes of management and control. The meters or other appliances for measuring or limiting the amount of water supplied which may be installed by the department within or outside the premises shall be the property of the department.

61. Any public sub-main or distribution pipe line laid by a private donor as a contribution work shall be duly handed over to the department for operations and maintenance. The owner shall not have control over such lines.

**62. Applicability of rules to public institutions.**—The foregoing Bye-laws and Rules apply *Mutatis Mutandis* to all public institutions such as schools, colleges, hostels, hospitals, public offices, etc., the supply allowed in each case free of charge being determined by the department and any excess used over and above the free supply as measured by the meters being paid for by the institution concerned at the rates prescribed.

**63. Liability of the department for non-supply.**—Whether for domestic or for non-domestic purposes the department or the Municipal Council is not liable in the absence of a contract to the contrary to any penalty or damages for non-supplying water, if such non-supply arises from accidents to pipe lines, burst, shut-down of power and unusual drought or other unavoidable causes beyond its control.
